

Best Practices

Government P. G. College, Fatehabad, always strives to work for the betterment of the students and the institution. The Best Practices marked for the month August 2026 are as follows-

Best Practices I

Title of The practice:

Massive Plantation drive.

Objective of The practice:

- To enrich the already green premises of the college.
- To inculcate among the students cooperation and team-work.

Evidence of Success

The impact of the programme has been very encouraging.

- Around 200 plants were planted which enriched the greenery of the college.
- The monsoon season helped the plants to get strong hold faster.
- Students took part in it enthusiastically and worked together in the plantation related activities.

Problems Encountered and Resources Required

No problem encountered.

Best Practices II

Title of the Practice:

'Pravesh Utsav' drive

Objectives of the Practice

- In order to motivate the youngsters to pursue higher education 'Pravesh Utsav' drive is being carried out in the college. A committee has been formed in the college for the purpose.
- The committee members make visits to the nearby intermediate college and motivate students there to take admission in the college for higher education so that they may have a better future ahead.

Evidence of Success

- Many students got aware of the importance of higher education and the facilities available at college.
- Many students from the remote rural areas are taking admission in the college.

Problems Encountered and Resources Required

It being a rural area it was a little difficult to reach many higher secondary institutes.
